Greetings fellow club members. Here it is, March already and the flying season is getting underway with gusto. Of course that also means that there is a lot of water on the ground as spring time kicks in. Which means that the road into the flying field is a bit shabby.

It has been reported, though, that the field itself is in fine shape. So just fire up your 4-wheeler or ATV and drive on in real slow to the field.

There are no other new reports to report in on at this time, so come on down and happy flying!
